

BOURNVILLE INFANT SCHOOL

12th October 2017

Dear Parents/Carers

We have taken the decision to end our Mathletics subscription and replace it with a new resource called Sumdog. This is because the childrens' use of Mathletics was low and we did not feel the level challenge was high enough for many children. The children have been introduced to this in school this week and will be receiving their logins after half-term. We would like to invite you to a session where we will introduce you to Sumdog and demonstrate its features and benefits. There will also be the opportunity for you to ask any questions about it. If you would like to attend, we will be having three separate drop-in sessions on Thursday 2nd November:

Session 1: 9:00am – 9:40pm

Session 2: 2:30pm – 3:10pm

Session 3: 5:00pm – 5:40pm

If you would have liked to have kept Mathletics then a home subscription for Mathletics can be purchased directly with them – uk.mathletics.com. One learner costs £59 per year and two learners costs £89.

Yours sincerely,

Kate Bailey
Assistant Head Teacher

Gary Setchell
Assistant Head Teacher
